

LAWGAW SEFINEH

FRONT END DEVELOPER

PROFILE

"Motivated third-year Computer Science student at Addis Ababa University with a strong interest in technology, data-driven problem solving, and community-focused innovation. Experienced in leadership, academic support, and advocacy roles, with proven communication, coordination, and teamwork skills. I am a Front End Developer with a deep passion for Graphic Design and am highly committed to mastering the craft. Seeking opportunities to apply technical knowledge and analytical skills in real-world environments while continuing professional growth."
